

Debbie Saviano, who has been a bus driver for the Plano Independent School District for two years, awaits students at Bowman Junior High School who will be making their bus trip home after a week of school activities. Ms. Saviano is one of the more than 6,500 Texas school bus drivers who will be required to take a special 20-hour training course during this school year. (Staff photo by Mike Newman).

Termed 'A Rip-Off'

TUC Voids 'Scrubber'

Texas Utilities Co. informed the Texas Air Control Board in Waco today that it will not install a \$36 million "Antipollution" scrubber on a lignite-fueled generating unit now under construction near Mount Pleasant in East Texas.

T.L. Austin Jr., board chairman of T.U. told the TACB that installing such an expensive device "Makes No Sense" and is a "Rip-Off" against electric customers who must pay the bill, yet receive no significant benefits.

Texas Utilities is the parent company of Texas Power & Light Co., Dallas Power & Light Co. and Texas Electric Service Co. Together, the three firms supply electricity to about one-third of the population of Texas.

Austin, former President of TP&L, said scrubbers will not significantly improve the quality of air people breathe

and that experts, including the Federal Power Commission, have concluded scrubbers are not technologically feasible.

"Furthermore, the solid waste created by scrubbers is environmentally detrimental," Austin explained. "I have a gut feeling that five or ten years from now the public is going to rise up in arms and blame us for wasting hundreds of millions of dollars on scrubber systems that spread gunk all over East Texas."

Austin told the board that "Because what the system is being asked to do makes no sense...A scrubber will not be installed on the Monticello No. 3 Unit."

As a result, he added, "You may have no recourse but to order a shutdown of construction."

If a shutdown is ordered and the electric companies forced to substitute oil for

lignite to meet customer demands, this action would require additional fuel costs of at least \$80 million per year and would add nine million barrels of oil to the Nation's deficit problem he said.

"Therefore, if you order the system to shut down construction, we shall probably be forced to put in the scrubber," Austin stated, but it will be your decision, not ours."

Austin said that although "I sincerely believe the TACB and Texas Utilities Co. are all working to serve the best interest of the public, T.U. cannot in good conscience sit back and accept an added burden of \$36 million for this unnecessary equipment. It just doesn't make sense, either environmentally, economically, technologically or from a resource conservation standpoint."

Austin said the environmental protection agency's ambient air standards for sulfur dioxide

have never been exceeded as a result of T.U.'s Lignite Plant operations. Additionally, he stated, the increased investment and higher operating costs of a scrubber-equipped lignite unit adds about 18 percent to the cost of every kilowatt-hour produced.

This comes at a time when "customers are already deeply concerned over rising cost and when system companies are at this moment having to ask regulatory bodies for rate increases to support their construction programs," he explained.

Austin told the board that the U.S. Court of Appeals for the Third Circuit, responding in a suit filed by three electric utility companies challenging the EPA, ruled last month that the agency was arbitrary in setting sulfur emission regulations and did not have sufficient knowledge concerning either the technological or economic feasibility of scrubbers.

Price Freeze Sought

Saudi Arabia Demands Freeze Until January

By RAY MOSELEY
VIENNA, Austria (UPI) — Saudi Arabia today demanded a freeze on oil prices until Jan. 1, provoking bitter opposition from other major producers of the world's oil.

Sheikh Ahmed Zaki Yamani, the Saudi oil minister, presented the demand to a special session of the Organization of Petroleum Countries on his return from London where he consulted his government Thursday night.

Oil ministers from other member nations were bitterly opposed. Jamshid

Amouzegar of Iran, told reporters, in reference to Saudi Arabia, "No one country is going to dictate its views to 12 others."

Yamani said, "My position is to freeze prices." He denied reports he had proposed a 5 per cent increase.

"That was an Algerian proposal which I accepted," he said. "The Algerian proposal was for a 5 per cent price increase now and another 5 per cent at the beginning of 1976 and a freeze for the whole of 1976."

"I was prepared to accept that proposal with certain conditions."

However, Yamani said after consulting his government he has gone back to his original proposal of demanding a price freeze until the end of this year, with a "moderate" increase in 1976.

Before Yamani returned, Iranian oil minister Jamshid Amouzegar told reporters, in reference to Saudi Arabia, "No one is going to dictate to 12 other countries."

Amouzegar, outlining Iran's position for the first time, said he is pushing for a "moderate" increase of 15 to 16 per cent when the current nine-month old OPEC price freeze expires Sept. 30. He said the hike could take place in two stages.

"I hope so," Amouzegar

said when asked if he thought a compromise could be found.

Under the OPEC charter, prices can only be raised by unanimous decision. A 10 per cent increase would raise the

world's oil bill by \$10 billion and boost U.S. oil import costs by \$2.5 billion.

At the height of Thursday's talks, Yamani unexpectedly left and flew to London to consult with his government. The oil ministers delayed the start of today's meeting 90 minutes so he could attend.

As he left Thursday, Yamani said, "We are far from a decision. There is a complete difference of opinion. We are facing terrible opposition."

Price Controls To be Reimposed

By WILLIAM E. CLAYTON
WASHINGTON (UPI) — President Ford and Senate Democrats have agreed to reimpose oil price controls until Nov. 15.

The move, assuming the full Congress approves, will avoid immediate consumer price increases for gasoline and other petroleum products.

Between now and mid November, Ford and Congress will try to agree on a national energy policy.

The controls, holding most domestically produced oil to \$5.25 per barrel — half the price of uncontrolled oil — expired Sept. 1. Oil companies held their prices, waiting to see what Congress would do. The proposed 75-day extension is retroactive to Sept. 1.

As part of the agreement Ford will not submit to Congress before Nov. 1 any plan for gradually lifting price controls. Ford accepted the formula in a meeting with congressional leaders Thursday morning, and the Senate Democratic caucus approved it later in the day.

PISD Involved

Convention Slated

The Plano Independent School District will be well represented at the joint annual convention of the Texas Assn. of School Boards and School Administrators in San Antonio this weekend with four staff members and two School Board members on the program.

Principal Dwight Beavert, counselor Nancy Coleman and fifth grade team chairman Lawana Conry will make two presentations Sunday on the district's Citizenship Program. That program is one of eight

selected to be presented as Promising Educational Practices.

Public Information director Jerry Smith will lead a public relations mini-clinic Sunday, on "Developing An Effective Public Relations Program in the Small District." The mini-clinics are sponsored by the Texas Chapter, National School Public Relations Assn. of which Smith is immediate past-president.

School Board president Rutledge Haggard will chair a topic session Monday on

"Energy Economics—Architecturally Speaking," while trustee Frank Adams will be involved in the convention as a member of the executive board of the Texas Assn. of School Boards.

Also attending the three-day convention will be Dr. Hendrick and trustees Tom Hughston and Mary Beth Applewhite. Trustee Ken Lambert will be representing the district on the annual East Texas Chamber of Commerce Industrial Tour of the West Coast at the same time.

Briefs

Two Speakers Set

AUSTIN, Tex. (UPI) — Sen. Hubert Humphrey, D-Minn., and opera singer Beverly Sills will speak at a two-day symposium on the arts opening Monday at the Lyndon Baines Johnson Library. The symposium is sponsored by the University of Texas and the LBJ Library. It marks the 10th anniversary of the signing by President Lyndon B. Johnson of legislation creating the National Endowment for the Arts and National Endowment for the Humanities.

Drownings Delcine

AUSTIN, Tex. (UPI) — Through the first eight months of 1975, 520 people drowned in Texas, down from the 557 who died in water mishaps through the same period in 1974, the Parks and Wildlife Department said Thursday.

Dallas Man Shot

DALLAS (UPI) — A man suspected of shoplifting steaks from a near east side grocery was shot and killed Thursday night in a struggle with two off-duty police officers guarding the store.

Police spokesman Bob Shaw said the unidentified man in his mid 20s was stopped by police officers Jackson R. Martin and Tim Falgout. The men struggled and the suspect fired a .38-caliber pistol three times but did not hit the officers, Shaw said.

Shaw said Martin fired his .38-caliber pistol once striking the suspect in the chest. The suspect died at the scene a few minutes later.

Thefts Reported To Plano Police

Four thefts were reported to the Plano Police Dept. Wednesday.

A department spokesman said that a wallet, plants and two bicycles were reported stolen. A residential burglary was also reported to authorities.

Police arrested three persons including one for driving while intoxicated, one as a shoplifter and one for the military for being absent without leave.

Officers also answered 65 calls for assistance, took two reports of criminal mischief and investigated four minor accidents.

Wednesday morning at 8:13 a.m., Richard Edward Beetle of 657 E. 16th St. hit parked tractor crane owned by R.B. Butler Inc. on a dirt construction road about 300 feet east of Los Rios. Beetle told officers he was blinded by the sun and did not see the

construction equipment which was parked on three-fourths of the road. The 1973 Toyota he was driving sustained heavy damage.

At 1:17 p.m. a 1973 Oldsmobile driven by Ola Smith Hanna of 2120 Heatherhill was in collision with a 1975 Jeep driven by Mosley Bell Johnson Jr. of 1708 Lorraine at the intersection of 15th St. and O Ave.

A 1966 Ford driven by Patsy Davidson Lambert of McKinney was in collision with a 1972 Pontiac driven by Beverly Walby Matney of 335 Elderwood on Dallas North Pkwy. about 100 feet east of K Ave. at 3:51 p.m.

A 1966 Plymouth driven by Patricia Ann Brooks of 824 16th St. struck a parked 1972 Buick owned by Bettye H. Blackburn of 544 Autumn at 7:30 p.m. in the parking lot of Springbrook Apts.

Now On Display

Plano artist and art instructor Joyce Meyer is currently showing a group of her paintings and prints at Collin County Savings and Loan on West 15th Street. The show is sponsored by the Savings and Loan and the Plano Art Assn., and

includes a number of large abstract landscapes (background) as well as etchings like "Reflections", held by Ms. Meyer. The show will run through the 10th of October. (Staff photo by Mike Newman).

City Calendar

SEPTEMBER 27

New Game Explained

Committee Game Is Educational

By PATRICIA McCORMACK
UPI Education Editor

And, now, here's The Committee Game — invented by Halas L. Jackim, professor of education at the State University of New York College at Oswego.

It's just in time for all brave souls ready to throw themselves into committees around college or the schoolhouse in the new academic year.

Jackim's game, based on 23 years of infiltrating committees, should help all the school committee members — from PTA to school board, lunch room, field trip and what-not.

In the Chronicle of Higher Education, he tells about rules, etiquette and scoring system.

The purpose of a committee, as he sees it: "To prevent the development of significant decisions; to delay or diffuse an issue by making it unrecognizable."

The thing about etiquette: just remember to "show disgust for any act aimed at achieving a speedy discharge of a committee's mission."

Also: "Resist all attempts to delegate individual

responsibility. Rather, insist on committee action for every little bit of committee business."

From five to 15 may play the committee game; the greater the number, the more confusion.

Some excerpts from the Jackim scoring system:

'Issue' Plans Discussion on Constitution

Texans will soon go to the polls to vote for or against ratification of the new state constitution — and "At Issue" presents supporting and opposing views on the document on Sunday, Sept. 28 at 6:30 p.m. on WFAA-TV, Channel 8.

Channel 8's Bruce Halford will discuss the constitution with Dallas County Democratic Party Chairman Manuel DeBusk and State Representative Bob Davis. Among the questions surrounding the new constitution are its ability to speed up the judicial process and its significance in the area of tax reform.

— 5 points for converting the obvious meaning of a statement into something different by approaching it from a creative oblique angle.

— 5 points for forgetting an earlier decision and bringing it up for renewed discussion.

— 10 points for throwing in a new term, preferably from a foreign language.

— 10 points for injecting an irrelevant issue.

— 5 points for canonizing the need for student participation.

— 5 points for citing a study, book, or other authority and quickly changing the subject before being questioned about it.

gesticulating with glasses, pipe or pen.

— 5 points for telling the group that it has a communication problem.

— 5 points for taking twice as long as needed to say something.

— 15 points for phrasing a statement in such a way that a player opposed to it fails to recognize it and votes for it.

— 25 points for wearing down the opposition to the point where it will vote for anything simply to adjourn the meeting.

P.S.: Jackim says players can be disqualified if they persist in their effort to clarify the committee's goals.

Letters

Dear Sir:
I'm an inmate at the London Correctional Institute. I used to live in Plano about five years ago before I came to Ohio. I would appreciate it very much if you would print this letter so I can have some correspondence from my home town.

I am a male, age 35, and

would like to hear from pen pals from Plano or surroundings. I will answer all letters. Please address them to Bill Crawford No. 141-194, P.O. Box 69, London, Ohio, 43140.

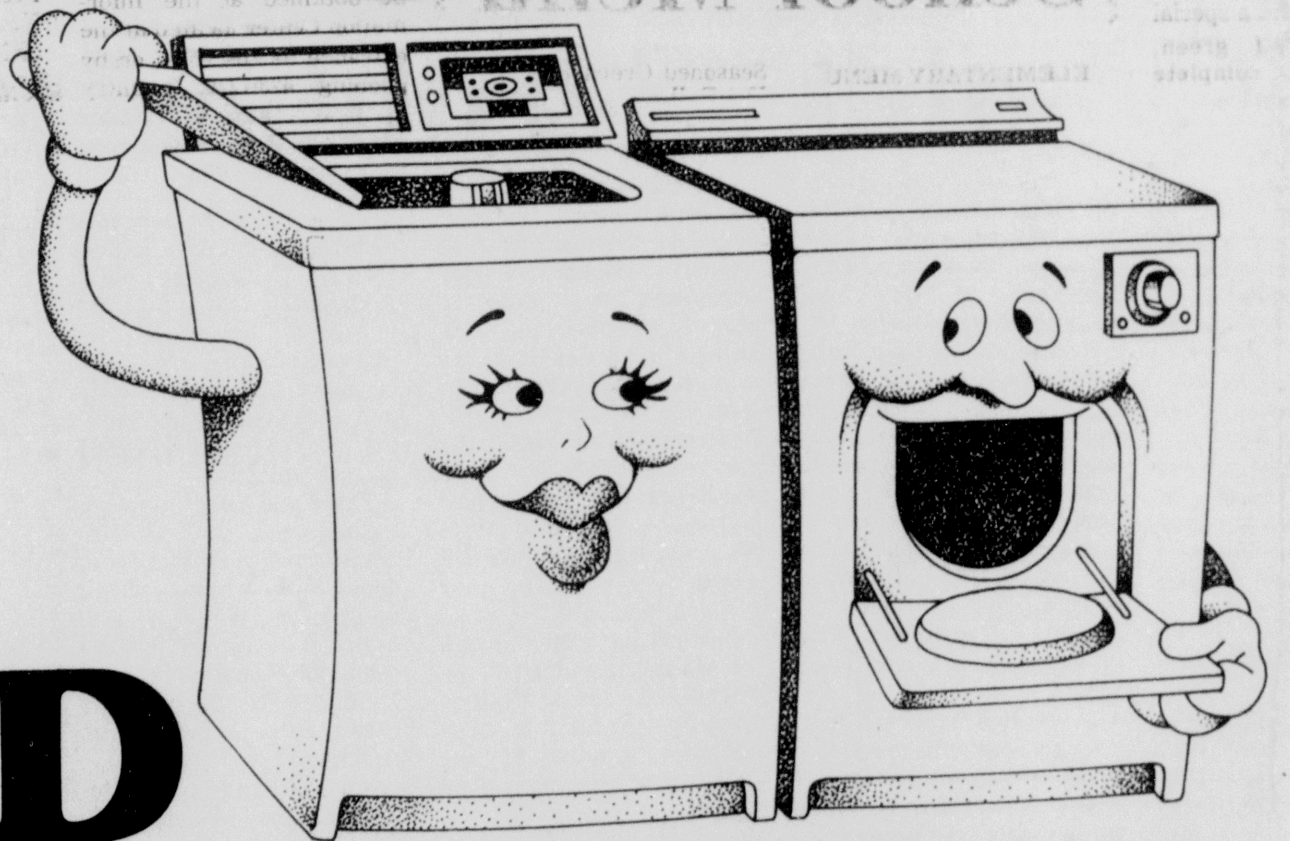

I can't pay you; I can only say "Thank you."

Sincerely,
Bill Crawford

Reducing plan for energy users

Plan D How to save electricity when using washers and dryers

1. Choose proper wash cycle. ("Hot" setting isn't necessary with most modern fabrics.)
2. Use long wash cycle only with full laundry load.
3. If washer has water level control, choose level to match load size. (Saves hot water and energy used to heat it.)
4. Clean dryer's lint filter after each load to help dryer efficiency and reduce drying time.
5. Don't overdry clothes. Set timer according to garment's fiber content.
6. Sort clothes for drying by weight and texture of fabric to avoid extra run-time for 2 or 3 slow-dry items.
7. Vent dryer to outside to prevent indoor moisture build-up. Follow manufacturer's operating instructions carefully.

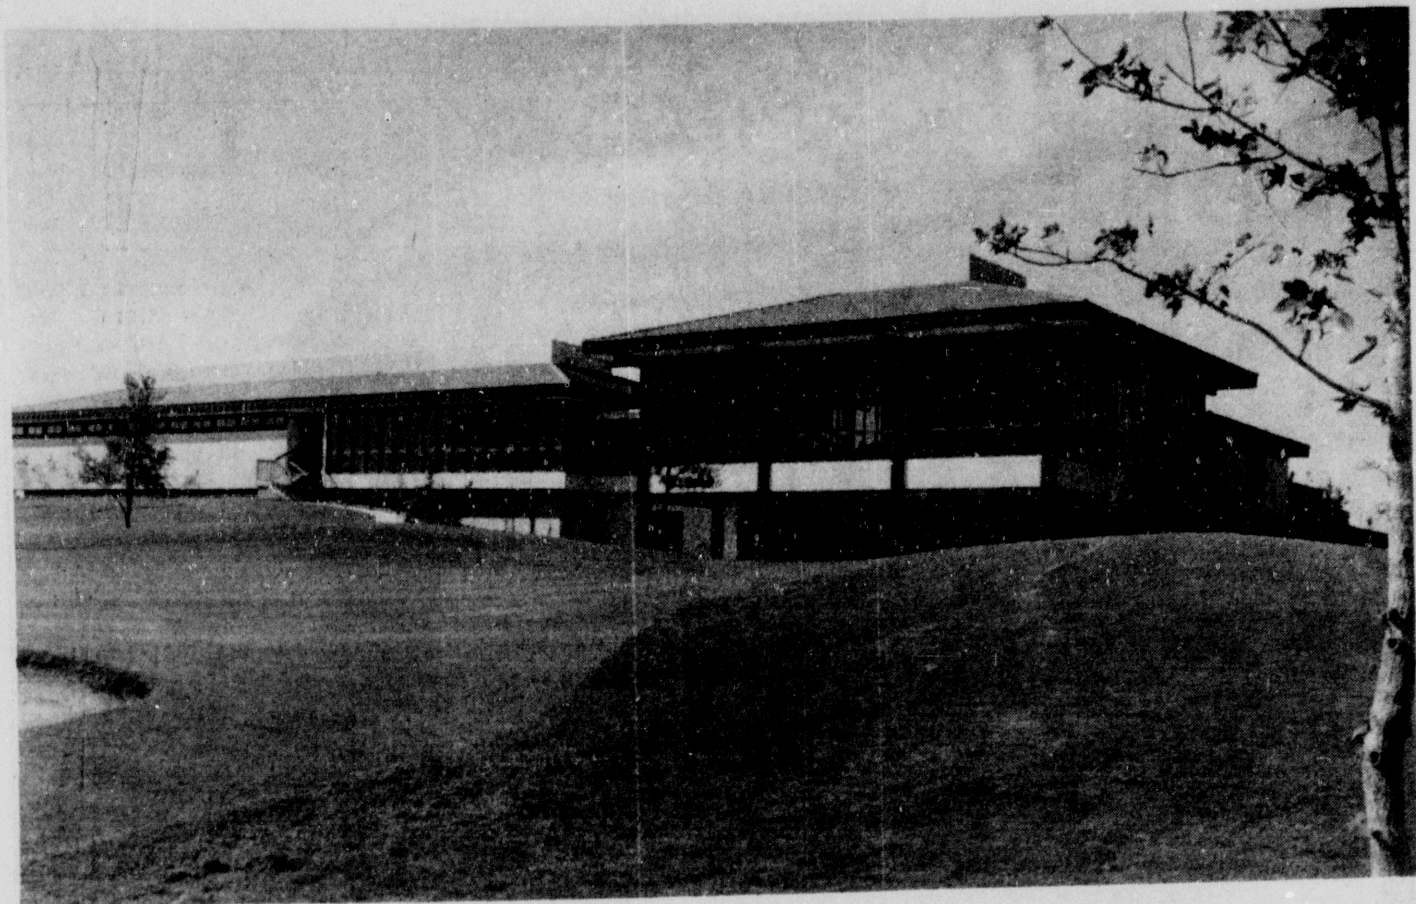

Conserve electricity and you help conserve one or more of the fuels needed to produce it: natural gas, coal and oil. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call or see the Customer Service Representative in the TP&L Office.

TEXAS POWER & LIGHT COMPANY
A tax-paying, investor-owned electric utility

The \$2 million, multi-level Los Rios Country Club overlooks a 6615-yard golf course and offers such luxuries as tennis courts, junior olympic swimming and diving pool, cocktail lounge, dining room and private party facilities. In addition,

there's nearly 700 acres of planned development residential area available for prospective homeowners, and a special open house is planned for Saturday and Sunday. (Non-staff photo).

At Los Rios

Open House Slated

Los Rios, Plano's only Country Club residential area, is sponsoring an open house Saturday and Sunday, Sept. 27-28. All country club facilities are being made available to the public for these two days, and as an added inducement, golf, dining and cocktails will be offered at one-half price.

The area is situated on nearly 700 acres of sloping hills, valleys and streams. Los Rios is a complete, private country club offering immediately the luxuries of a \$2 million multi-level clubhouse, tennis courts, junior olympic size swimming and diving pool, and a magnificent 18-hole championship golf course.

The course is 6615 yards, with a meandering stream, man-made lakes and wooded areas and includes a special practice putting green, chipping green complete with a sand trap and a driving range. The clubhouse includes a dining room, private party facilities, quiet cocktail lounge, 19th hole, pro shops and locker rooms equipped with saunas in each of the men and women's locker rooms.

Housing activity is continuing to accelerate at the Los Rios residential development in Plano, this with participation of a team of seven custom home builders, nearly all of whom

have been active in the Plano market for many years. The builders are Wayne Benton, Charles Dunafan, C.D. Graham, Don Liggett, Charles May, Wes Newell and David Strauss.

Homes under construction at present offer a wide range of architectural styling and are priced from the low \$40,000's to the mid \$50,000 bracket, all within easy walking distance of the country club. In addition, plans are also under way for the next phase of development, with larger lots on the golf course which will offer a wide selection of homes. The homes are generally planned

to range to \$75,000.

At Los Rios, all utilities have been placed underground and the major streets are planned to gently wind their way through the sloping valleys and hills. In addition, many of the streets feature cul-de-sacs to insure the peacefulness and safety of a quiet, well-planned neighborhood. Also, the gentle slopes and rolling nature of the terrain will provide most property owners with panoramic vistas of the golf course and surrounding property.

In addition to the single family housing announced, the community is being

planned to include townhouses, cluster homes, duplexes and two retail shopping centers. Also planned within the development is an elementary school site and a 14-acre community park. Armstrong Middle School, adjacent to the development, is presently under construction with its opening scheduled for August, 1976. All construction and design of housing will be regulated by an architectural committee to insure preservation of the natural beauty of the land and enhancement of property values.

Los Rios is located east of Plano and is being developed by General Portland Land Development Co. of Dallas. Land sales information can be obtained at the Information Center located at the entrance to Los Rios, or by phoning 423-7220. Country club information is available at the Los Rios Clubhouse or by phone at 424-4546.

Installation Scheduled For Rainbow Girls Assembly

Laurie Woodham will be installed as worthy advisor of Plano Assembly No. 320 Rainbow Girls at 7:30 p.m. Saturday at Plano Masonic Lodge Hall. She is the daughter of Mr. and Mrs. Jack L. Badgett of 1348 Rigsbee and a junior at Plano High School.

Others assuming office include Tracie Herrmann, Worthy Associate Advisor; Michele Rush, Charity; Johnna Sloan, Hope; Laura Biggs, Faith; Julie Nelson, recorder and Cindy Merritt, treasurer. Also, Tonya Adair, chaplain; Dee Whitworth, drill leader; Michele Woodham, Love; Lisa Bolton, Religion and Brenda Shepherd, Nature. Cherokee Davis will serve as Immortality; Carol Bell, Fidelity; Cheryl Collins, Patriotism; Julie Bridges, Service; Lisa West, confidential observer; Melanie Rush, outer observer; Susan Berre, musician; Roxanne Sides, choir director; Mrs.

Dorris Brakefield, mother advisor, and the choir members, who include Cheryl Henderson, Malinda Evans, Liz Bartlett, Judy Ausmus, Lisa Carroll, Rene Miller, Carla Boydston, Cindy Carpenter and Valerie Rice. Also, Veronica Rice, Vardise Rice, Delores Wall, Helen Pearce, Jamie Sides, Terry Huntlyk, Shanda Glover, Valerie Brakefield and Mary Beth Ozane.

Serving on the advisory board with Mrs. Brakefield will be Martha Cameron, Patsy Sides, Gladys Mankins, Marilyn Bolton, Frances Lynn, Bob Cameron, James Sides, Pat Whitworth, John Bolton and Pat Carpenter.

Installing officer will be Cindy Jolly; installing marshal, Margaret Bone, Edwin J. Kiest and Cindy Merritt, and installing recorder is Delores Wall, past grand representative from Alabama to Texas.

Installing musician is Cathy Self, grand representative from Alabama to Texas. The public is invited.

Youths Find Man's Body On Thursday

Roy Daniel Stedham, 48, was found dead Thursday afternoon in a home at 2632 Brennan Ct. by his two sons, apparently the victim of a self-inflicted gunshot wound. Stedham's body was found in bed at approximately 3:30 p.m. and was later pronounced dead at the scene by Justice of the Peace C.J. Prashaw. A .270 caliber rifle was found nearby.

According to a Plano Police Dept. spokesman, Stedham's death is thought to have occurred sometime between 2 and 3:30 p.m.

FBI Story Is Scheduled For 'Probe'

The Federal Bureau of Investigation has recently found itself in several great challenges -- the Patty Hearst search, the controversy surrounding the Warren Commission's report on the Kennedy assassination, and now the two attempts on the life of President Ford.

Journalists talk with Ted Gunderson, the Special Agent in Charge of the Dallas FBI Division, about the past actions and future plans of the Bureau on "News 8 Probe" Sunday, Sept. 28, at 1 p.m. on WFAA-TV, Channel 8.

The panel of journalists includes Richard MacKenzie of the Dallas Times Herald, Dan McDonald of Associated Press, Tracy Rowlett of News 8 and host Bob Sirkin of News 8.

God's DESIGN

Artists and scientists spend their lives creating new designs—yet every design they create can be found somewhere in nature.

God is the Master Designer. He created a world in which everything has a purpose—a reason for being.

Man, himself, is God's ultimate creation. Let's dedicate our lives to fulfilling our purpose in life—to glorify God and his wondrous world.

Legal Notice

LEGAL NOTICE
On request by petition
from property owners, The
Renner City Commission
will hold a public hearing at
City Hall, Thursday October
16, 1975 at 7:30 p.m. to
discuss permanent im-
provements to Greenwood
Dr.

Marilyn J. Lindquist
City Secretary
R.N. Hartline
Mayor

(9-25, 26 & 28)

SECTION NO. 1
NOTICE TO BIDDERS

Sealed proposals ad-
dressed to Mr. David Griffin,
City Manager, Plano, Texas
for the LIGHTING FOR
TENNIS COURTS AT
PLANO WESTSIDE HIGH
SCHOOL, HARRINGTON
AND DOUGLAS PARK
LIGHTING located in Plano,
Texas will be received not
later than 2:00 P.M., Oct. 2,
1975 and will then be publicly
opened and read.

Plans and Specifications
are available at the office of
the Park Department,
Plano, Texas and also at the
office of the Park Depart-
ment, Plano, Texas and also
at Schrickel, Rollins and
Associates, Inc., 604 Avenue
H East, Arlington, Texas
and may be examined
without charge.

A deposit of \$10.00 will
be required for each set of plans
and specifications secured
as a guarantee of safe
return. The deposit will be
returned with the return of
plans within 10 days after the
bid date.

A cashier's check or ac-
ceptable bidders bond
payable to the Owner in the
amount of not less than five
percent (5 percent) of the
largest possible total for the
bid submitted must ac-
company each bid.

A Payment Bond and a
Performance Bond each for
one hundred percent (100
percent) of the contract
prices will be required. In
addition, the successful
bidder shall be required to
execute a Maintenance
Bond in favor of the City of
Plano in the amount of ten

Legal Notice

percent (10 percent) of the
total Bid Price of the project.
This bond will secure
maintenance of the im-
provements by the CON-
TRACTOR for one (1) year
from the date of acceptance
by the City of Plano.

In case of ambiguity or
lack of clearness in stating
prices of the proposal, the
Owner reserves the right to
accept the most ad-
vantageous construction
thereof to the City or to
reject the proposal.

The Owner reserves the
right to reject any or all bids
and waive any or all for-
malities.

No bid may be withdrawn
after the scheduled closing
time for receipt of bids for at
least thirty (30) days.

David Griffin,
City Manager
Plano, Texas
(9-16 thru 9-30)

Dress Right
To 'Shed' Fat

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI) — The
sensible way to look thin is to
lose the excess baggage. But
that takes time, willpower
and a physical fitness
program.

Some persons on the
heavier side, and resigned to
it, would prefer an easier
route — dressing to give the
illusion of thinness. The
French have a phrase for
such illusion — trompe l'oeil.

In dressing to look slim-
mer, there are two basic
rules, says one authority.
One is to gain as much height
as possible, and the other is
to "remove" the heavier
parts of you by judicious
selection of fabrics and

silhouettes. "You will shed
pounds in minutes" is the
promise.

Wear clothes that hug the
largest part of the body, but
not tightly, such as A-line
skirts and dresses, blouses
that do not have excess
material on the sides, and
slightly flared skirts.

Try for a smooth line from
shoulder to hem — a simple
and uncluttered look. Select
softly woven fabrics such as
silks and jerseys. Medium to
dark toned hosiery is
slimming. So are V-
necklines, if you want to
lengthen appearance of face
and neck.

Hair styles that give a
little height add to a total
look of thinner, says Oleda
Baker, beauty editor of a
new monthly magazine
aimed primarily for man-
nequins — "Model's Circle".
But the tips are good for
anyone who, as the
publication says, wants "to
be beautiful."

More do's: Wear hemlines
that fall just below the knee
or almost to the floor
(evening). If wearing pants,
they should cover most of the
shoe. Wear vertically
designed when not able to
use a vertical pattern.
You're better off with dark
to medium colors. Long
narrow lapels on blouses,
jackets and coats make you
appear smaller.

Some fashions to avoid:
Flat shoes and flat hair
styles (but don't go over-
board on hair height or you
will appear "head heavy").

Avoid horizontal stripes,
large patterns, plaids,
gatherers, pleats and large
patch pockets, all of which
add width to hips and bust.

Avoid white or light soli-
color clothing. This gives the
illusion of more size. Avoid
accessories such as belts and
sashes; they tend to cut your
height and make you appear
heavier. Avoid hems above
the knee — the longer and
more continued the flow of a
skirt, the more height you
gain.

Steer away from rough-
textured fabrics such as
tweeds, bulky wools, shiny
fabrics. Turtlenecks are for
the skinny only; they cut
length of neck and make the
body seem bulkier.

Topcoats which are
doublebreasted or with wide
lapels add width and
decrease height. Avoid slim,
tight, or straight skirts.

After Ms. Baker told the
plumpish (a model plump-
ish?) how to look slimmer,
she turned around in another
issue to tell thinies "how to
gain 10 pounds in 10
minutes."

She's right on target when
she says, "The too-thin
figure is almost a fun
problem to solve. You can
wear clothing that many
women would love to be able
to wear — bright colors,
plaids, soft knits...the
layered look...pants with no
pockets.

The "how to gain" goes on,
but around where I live and
work, the "how to lose" gets
the readership.

YOU DECIDE...

Pipe Cleaner

Pipe dreams could easily become nightmares in a situation like this. Actually, Gordon Belt
likes his work checking out a few of the 1,300 pipes of an organ that was once the pride of the
Roxy Theater in Atlanta. Right, Belt warms up at the keyboard of the massive theater organ,
now installed as a prize exhibit in the Merle Norman Tower of Beauty in San Sylmar, Calif.

Wolper Seeking Monster Films

By VERNON SCOTT
HOLLYWOOD (UPI) — If you've taken home movies of Bigfoot, the monster who roams the Northwest, it could be worth more than \$10,000 to you.

Producer David Wolper will pay at least that much for usable footage in his new dramatized documentary, "Bigfoot, the Mysterious Monster."

Wolper's in something of a bind. He's making a film with a star he can't see. He is almost convinced Bigfoot does indeed exist. But he needs proof.

The producer will, in fact, pay just as well for footage of the recently spied Noxie Monster, that foul-smelling, sevenfoot denizen of Noxie, Okla.

And if you have 8mm or 16mm film on Florida's Monkey Monster, the Arkansas Falk Monster or the celebrated Skunk Ape of the Everglades, you will not leave Mr. Wolper's embrace empty-handed.

Wolper would agreeably accept movie footage on the Abominable Snowman or the Yeti, as that cuddly but evasive monster is called in the Himalayas.

"We have some amateur film of Bigfoot," Wolper said, "but we need more. We are negotiating for the famous Patterson footage of Bigfoot taken in Bluff Creek (Calif.) in 1967."

"I'll accept still photographs, too, but obviously we won't pay as much for them."

"People laugh about the existence of monsters. But as late as 1910 everyone scoffed at reports of giant hairy things living in the African jungle. They turned out to be gorillas."

Wolper's experts will scrutinize all film offered. Overdressed gorillas, football linebackers and excessively hairy brothers-in-law will be winnowed out, you may be sure.

"Scientists say reports of monsters are nonsense," Wolper went on. "But no one believes them. I think there is a credibility gap between the scientific community

and the American public. "People like to believe in the unknown. It has something to do with childhood. We have a desire to make the world more interesting and colorful than it is. A good example is the Loch Ness monster. Everyone likes to hear about him."

Wolper, incidentally, wouldn't object to footage on Nessie either.

"There have been many Bigfoot expeditions," he said. "There were 40 registered sightings in 1973. They dropped off in 1974. This year there's an increase in sightings."

"People who have seen Bigfoot have passed lie detector tests. I have tapes of their descriptions under hypnosis. Fascinating."

Wolper is convinced there may be several amateur films of Bigfoot and many photographs.

"People are afraid to admit they have such film for fear they'll be ridiculed. We will protect their anonymity if they wish."

"It's possible in my mind Bigfoot does exist. If so, he would have to be an intelligent creature to have remained in hiding so long. Who'd have dreamed stone age men would be discovered last year in the Philippines?"

Wolper's company has been working on the Bigfoot film for a year. It will be released next summer.

Wolper requests that photographers with monster footage write him:

David Wolper Productions
843 West 3rd Street
Los Angeles, Calif. 90048

Bit Parts: Alan Alda will direct an episode of his "M-A-S-H" series ... Kip Niven has been added to the cast of "Swashbuckler" ... Rod Taylor will star in "The Oregon Trail" for NBC-TV.

James Garner showed up to begin filming the second year's episodes of his "Rockford Files" series despite the pain he's suffering from recent knee surgery.

LIVING WITH GOD

By Charles E. Stovall, Ph.D.

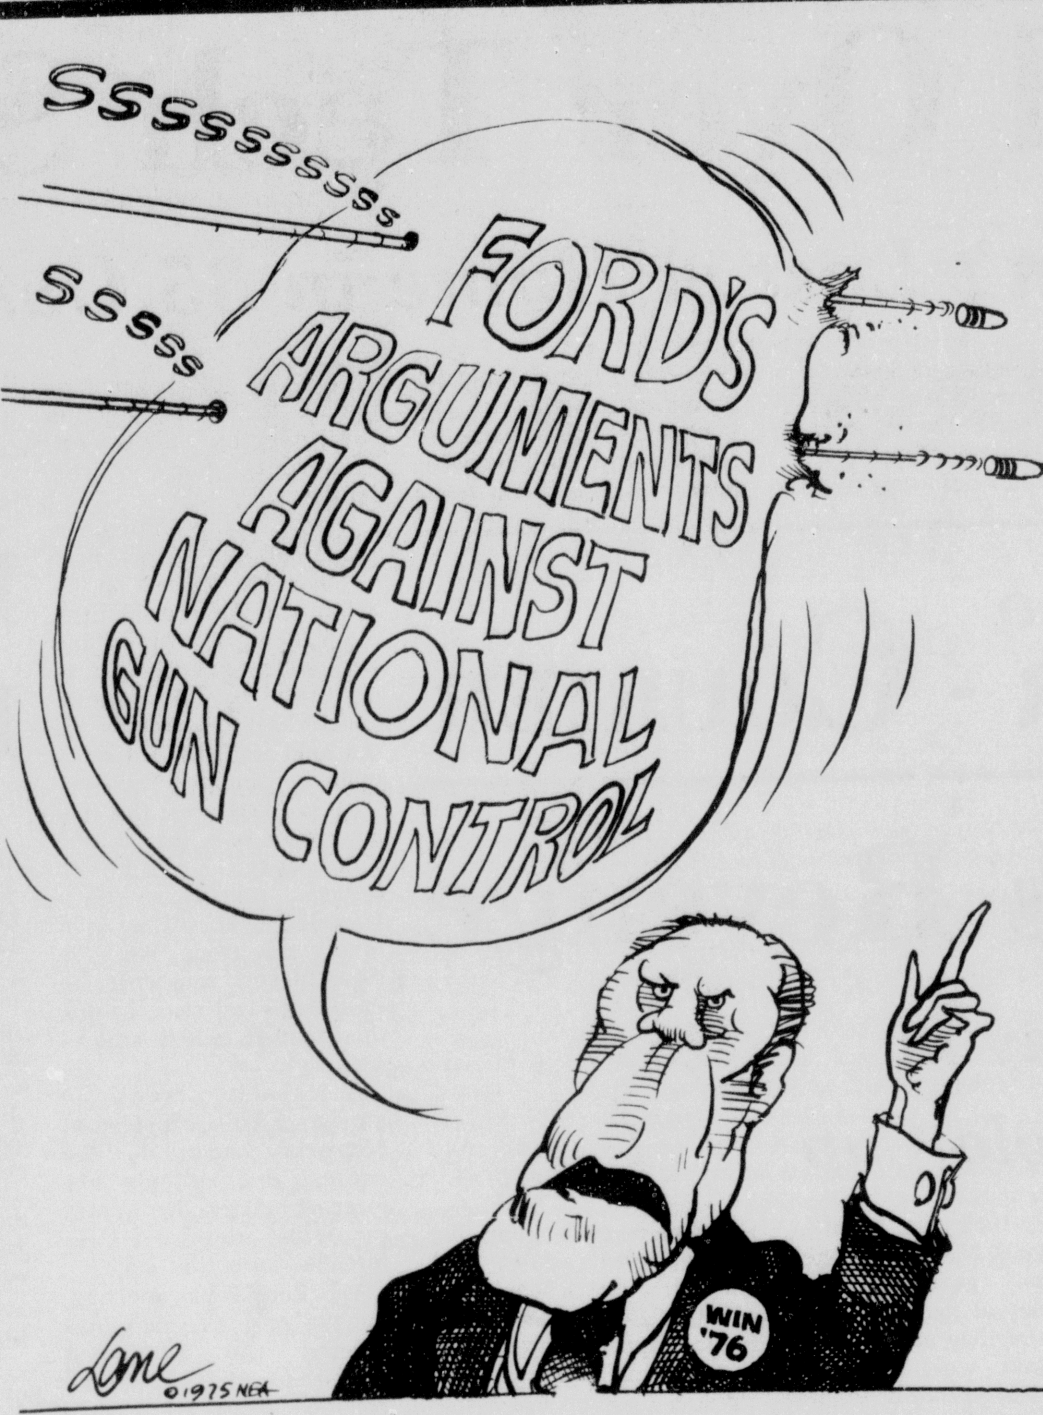

Unhappiness results from one's inability, or unwillingness, to accept life as a challenge to be met NOW. Too many tend to live life on the deferred payment plan, constantly projecting its promised and anticipated enjoyment to some future date. Too frequently, happiness is believed to be equated with some utopia which is thought to surely come at a future time, always removed from present reality and projected into the distant future. Thus, we often settle for the frustrated experience of intending to enjoy life—those we love, our children, home, doing things together, building together with our loved ones for a better tomorrow, etc.—but deferring the actual enjoyment until the kids are out of school, or the husband gets settled in his new job, or when the home is paid for, or when the savings account has sufficient proportions to assure security, etc. But happiness cannot be had on a promissory note basis! Making plans for the future may have its place, but happiness cannot be confined to dreams—especially unfulfilled dreams!

Happiness is a mental state which must become current! It is something which human beings need now! Happiness must become an acceptable mental attitude which is willing to keep hope and faith in the value of accomplishment and in the worth of man, even in the midst of adversity and frustrating disappointments. Happiness is the result of subconscious, reflexive mental conditioning. It is the result of the conscious mind refusing to settle for complaining, for failure, and for disappointment. Happiness is an attitude which has resulted from practice—the practice of positive qualities of mind which refused to accept disappointment and defeat as the final verdict of life. If we do not discipline ourselves to look for and practice happiness, we will never possess it! All people could find countless experiences which would otherwise be distasteful enough to make life despicable, if they were willing to settle for such a negative and non-productive view. Happiness results from an unwillingness to stop with morbid failure or disappointment. It is not fair to condition happiness upon the basis of reaching the solution to some problem. By the nature of things, when one problem is solved, another will arise. Life is made up of problems and their solutions. These are the things progress is made of, and we should never expect to be free from problems as long as we are alive. Happiness is internal, not external. In the words of Dr. Matthew N. Chappell, "It is produced, not by objects, but by ideas, thoughts, and attitudes which can be developed and constructed by the individual's own activities, irrespective of the environment."

In a very real sense, happiness requires problems, and in addition, it requires the mental attitude which is brave enough to meet distress, head-on, and take action to solve the problems which result from such difficulties. Happiness somehow gets all involved in working out such solutions in reposable and mature ways.

Since most of us could use a change in our mental state toward life, why not cultivate the mental maturity to look for ways to cope with and overcome our difficulties rather than being satisfied with being buried in them. Happiness is in the mind, not in a society free from difficulties. Happiness will always result when we are willing to zestfully and optimistically accept life, with both its good and its bad, in the confidence that we can maturely face it and enjoy it.

More Iron Needed Anemia Is Problem

Necessary amounts of iron are difficult for some Americans to obtain in their regular diets. Sally Springer, a foods and nutrition specialist, says.

A lack of this essential mineral causes anemia, one of the most prevalent nutritional problems today among adult women, infants and preschoolers, she said.

Miss Springer is with the Texas Agricultural Extension Service, The Texas A & M University System.

"Anemia occurs in infants because they may drink milk to the exclusion of iron-rich foods, and preschoolers may avoid iron-rich foods in their diets."

"The average American diet supplies about six milligrams iron per 1,000 calories—but women of child-bearing ages and teenagers require three times that much each day."

"So they must make specific food choices to ensure enough iron in their day's eating," she advised.

But since adult males and post-menopausal women require only 10 milligrams iron each day, a 2,000-calorie diet from a variety of foods meets their needs.

Turning to specific suggestions for foods with significant amounts of iron, she listed egg yolk, dry beans, green leafy vegetables, enriched and whole-grain breads and cereals, dried fruits and organ meats. Poultry, meat and fish also provide iron in the diet, she said.

"Because iron is part of hemoglobin—which carries oxygen from lungs to tissues, it's important for the body to have an adequate iron supply."

"And, although the body does conserve iron from destroyed blood cells, hemorrhaging or any blood loss, will use up the stored iron quickly."

Texas Favored Over Tech Saturday

Longhorns Haven't Lost at Home in 35 Games

By MIKE RABUN
UPI Sports Writer
Steve Sloan was born just a few miles from the University of Texas campus,

but except for an occasional glimpse on television, he has never set eyes on Memorial Stadium — the edifice to which he will take his Texas

Tech football team Saturday night.
"They play the 'Eyes of Texas,' down there before they play a game, don't

they?" inquired Sloan, who has Texas Tech 2-0 in his first year at the school. "Or do they play, 'Taps'?"
"Taps," of course has

been the theme song for Texas opponents at the Longhorns home park for seven years. The Longhorns have won 35 straight home

games and are expected to make it 36 Saturday night in the opening Southwest Conference game of the season.

"I don't put any extra emphasis on Texas," said Sloan.
"If, at the end of the season, you have beaten

Texas and played poorly the rest of the year, you have not had a good season. You have to look at all 11 games to judge a season."

SPORTS PLANO STAR - COURIER

Willow Bend Eyes Revenge

Hosts Lone Oak Sunday in First Round American Polo Cup

Willow Bend Polo and Hunt Club will be looking for revenge when they host Dallas Lone Oak in an 18-goal polo match Sunday at 3 p.m. at Willow Bend.

Wilson Ram 8th Edged

A blocked punt by Richardson Lake Highlands was converted into a touchdown to defeat the Wilson Middle School eighth grade football team 6-0 Wednesday at Richardson.

"We just made too many mental mistakes to win this ballgame," Coach Tommie Mankins said.

"We really didn't have much offense in this game. We had two opportunities to score and overthrew our receivers both times."

Defensively, Stone Youngblood intercepted a pass in the fourth quarter to give Wilson good field position.

"But on the next play we returned the favor by throwing an interception," Mankins said.

Offensive standouts for Wilson were Ricky Huffman with two pass receptions for 15-yards and Steve Shankle. Defensively, the standouts were Youngblood and Eddie Brown.

edged Willow Bend 8-7. However, this week's game means more to the participating teams than just a mark in the win-loss records.

The teams are playing to see who advances to the second round of the North American Cup, six-team polo tournament. In the pairings released Thursday, Willow Bend and Lone Oak drew a first round game and have agreed to play at Plano's Willow Bend rather than at Houston, site of the Cup tournament.

"This should be a good game," Willow Bend's Roy Barry Jr. said. "We had a real good game last week despite the bad weather. It should be a better game as a

rematch."

Four other teams are competing for the American Cup, Midland and Houston with first round byes, Tulsa and Wichita Falls. Winner of the Willow Bend Vs. Lone Oak match will travel to Houston Tuesday to play Houston.

In other tournament play, Tulsa and Wichita Falls play this Sunday at Houston and the winner of that game will play Midland Tuesday in the second round.

Winners of second round matches will meet in the championship game Sunday, Oct. 5.

Lone Oak and Willow Bend are both fielding the same players as in their match game Sept. 21. Willow Bend

has Roy Barry Jr. rated at eight-goals, Norman Brinker at two goals, Frank McNeely at four goals and Bob Beveridge at six goals.

In last week's game, Barry scored five of Willow Bend's seven goals. Scoring seven of Lone Oaks goals last week was Tommy Waymon.

Waymon and Barry are both eight-goal rated players, tops for American players and few have attained the high ranking.

Rounding out Lone Oak's team will be Danny Robinowitz at 0 goals, Charles Smith at seven goals, and Dick Latham at three goals.

The public is invited to view the American Cup first

round game with admission at \$2.50 for adults and children under 12 years free.

Willow Bend is located in Plano, approximately one and one-half miles west of Preston Road on FM 544.

Bowman Seventh Ties 0-0

Bowman Raider seventh grade football players battled Richardson Forest Meadows to a 0-0 tie Tuesday at Greenville Ave. Stadium.

Bowman now looks to Wilson Middle School's Rams on Sept. 30 at Rice Field, 4 p.m.

"We need to get our offense cranked up for the Wilson game," Coach Gary Brazil said. "Defensively, we look pretty good. A few breaks could have resulted in two touchdowns but we failed to get them and Forest Meadows held us."

"We plan to get our offense put together and keep our offense fired up so next Tuesday we will have 'Ram Chops' for the Raiders," Coach Brazil said.

Plano OJ's Blast Zodiacs

Women's Soccer Team Wins 11-0

The Plano OJ's, the local women's soccer team sponsored by North Park Orange Julius, blasted the Richardson Zodiacs 11-0 last Sunday at the Alma Road Sports Fields.

The scoring was spread among seven players with Lisa Howell leading with two goals and two assists, Judy Thompson with two goals and one assist, Rayla Allison with two goals and one assist, Ruth Stovall with two goals, Sue Mudie with one goal and one assist, Susie Hegg with one goal and Florence Marks with one goal.

The OJ's halfbacks and

fullbacks kept the ball in the Zodiacs defensive zone the entire game. Goalie Carol Smith was needed to field only one shot on goal the entire game.

Plano OJ's players active in the victory but not scoring were fullbacks Alice Stroh, Donna Elias, Margaret Carpenter; halfbacks Sherri Adrien, Karen Shaw, Sue Newman and Kay Anderson.

Halfback Olivia Movassagh and forward Fran Hammond were sidelined with injuries and JoAnn Willis is recovering from knee surgery.

The Plano OJ's next opponent will be the unbeaten

Richardson Hearts. Dean Thompson, sponsor, and David Emrani, coach, expect an exciting, hotly contested game between the two unbeaten.

The game will be played at Northrich Elementary School on Custer Road in Richardson. Game time is 3:30 p.m. Sunday.

Ali Has Marital Woes

BY VICENTE MALIWANAG
MANILA (UPI) — With just four days to go before his title bout with Joe Frazier, heavyweight

champion Muhammad Ali appears to have run into another fight.

Sources within the Ali camp said a domestic row erupted shortly after the

arrival of his wife, Belinda, from the United States early this morning, prompting Belinda to book a seat on the next plane home.

The quarrel apparently stems from the presence in Manila of Chicago beauty Veronica Porsche, who flew in with the champion's entourage two weeks ago and who has been Ali's constant companion since, even during a formal call on President and Mrs. Ferdinand E. Marcos.

Ali, who last week cut off sportswriters' queries about Veronica by saying "I have only one wife, Belinda is my wife," gave little hint of any brewing personal trouble today as he went through his daily training session at a seaside theater.

Asked later what was on his mind at the time, Ali replied "the fight is on my mind."

Wilson Ram Seventh Loses to Richardson

Despite good defensive play, the Wilson Middle School seventh grade football team lost 26-6 to Richardson Lake Highlands Wednesday at Richardson.

"The whole defensive unit played great," Coach Robert Gill said. "Scott Dale intercepted a pass and Jeff Phelan really stuck some

Eagle 8th Downed by Richardson

Richardson West downed Haggard Middle School's eighth grade football team 14-0 Wednesday at Rice Field.

West scored on an 80-yard drive in the first quarter and added another TD in the fourth period on a 38-yard quarterback scramble.

Haggard's lone standout in the game was Bryan Dalton, running back with 70-yards.

Haggard's next game is against Vivian Field, there, 7 p.m. Sept. 30.
